# First-year Syllabus

Here is a breakdown of what the first-semester Syllabus will entail. The first semester will have the following four subjects with a Self Study elective included within the course work:

**Victorious Christianity:** This is possibly one of the most essential core structures of our faith. Christ Jesus is alive and has had victory over the flesh, death, hell, and the grave. We must emulate his lifestyle to ours by first understanding what we have victory over and how to walk into it as believers and especially as ministers of this glorious gospel.

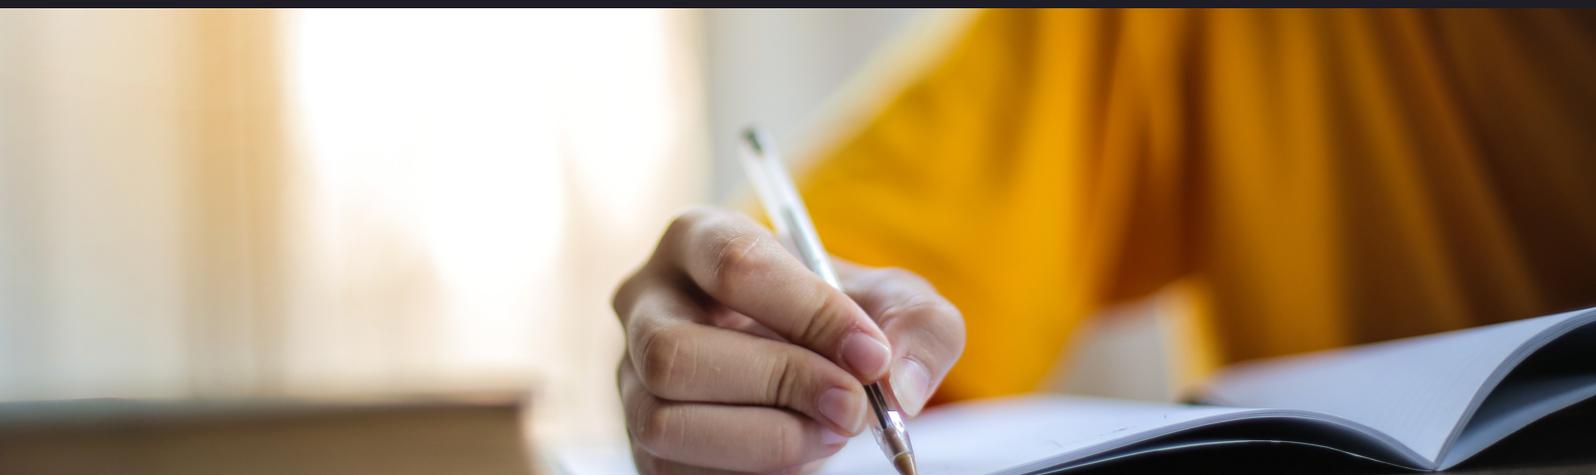

**Local Church:** The local church is a key element in Christianity and we must work in unity, and harmony with the local church. This relationship is often missing in our society today and we must go back to the Word of God and the examples left by Jesus and his disciples to ensure the next wave of revival is a lasting wave of the Kingdom.

**Prayer and Personal Bible Study:** This class should excite every believer, whether in ministry or a new born believer. In this class, we start to unravel core concepts of the bible languages and cultures that surround them. We look at prayer and how it is the breath of our walk with God as we go deeper into key concepts of prayer and all it's attributes.

**Life Management:** No matter how great our anointing or calling, without wisdom and biblical counsel in doing things right, we tend to fall short of our destination. In this essential course, we empower students with crucial biblical concepts to manage family, ministry, business, and many more aspects that apply to life.

## **2 Timothy 2:15**

**“Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth.**

## Electives:

A Self Study elective has been worked into the first year syllabus for most efficient use of credit hours.

Second and third year courses to be announced January 2022
